📍 Abuja, Nigeria

Professional Experience

Software Engineer focus front end intern, Renaissance Innovation Labs

- Enhanced my skills in languages and framework like React, JavaScript, Tailwind CSS and gained hands-on experience with version control using Git. I successfully completed key tasks that improved application functionality and user experience
- Contributed to the development and testing of web applications, collaborating with the team to implement features and fix bugs.

2023 – present
Port Harcourt,
Nigeria

ICT Personnel, Onenetwork Integrated Links Limited

- Gained hands-on experience with deployment, collaboration and version control.
- Install, maintains, and troubleshoots hardware and software.

2021 – 2023
Abuja, Nigeria

Education

Bachelor's Degree in Biology Education, Rivers State University

I hold a degree in Science Education with a specialization in Biology. My studies provided a strong foundation in both biological sciences and educational methodologies, equipping me to effectively communicate scientific concepts and inspire learning in academic settings using technologies and artificial intelligence available in this dispensation to be able to build and develop user-friendly web applications
